

SPONSORS FOR 2023

WALK TO END ALZHEIMER'S

On Saturday, October 29th, Interim Healthcare and Hospice was a sponsor for the 2023 Walk to End Alzheimer's at the Detroit Zoo, hosted by the Alzheimer's Association of Michigan. The Alzheimer's Association provides a variety of programs and supports for individuals living with Alzheimer's disease or a related dementia, as well as their families. Interim Healthcare and Hospice ensures that all field staff has the specialty training on how to care for someone with dementia, and how to enhance and support that trusting relationship. We are proud to be a sponsor of an agency that provides resources for those individuals in need.
